

**Amendment 002 to DE-SOL-0006499**

	<b>RFP Section Reference</b>	<b>Change From</b>	<b>Change To</b>
1.	Section C, Performance Work Statement Section C.03.2 Bulk Survey for Release, second paragraph	Bulk Survey for Release (BSFR) is a term for a licensed process that has been approved by the Contractor's radioactive material regulators to allow the disposal of materials with extremely low levels of radioactive contamination specified landfills. Materials that are candidates for the BSFR program are of such low levels regulatory entities have exempted them from further regulation as a radioactive material and allow their unrestricted disposal.	Bulk Survey for Release (BSFR) is a term for a licensed process that has been approved by the Contractor's radioactive material regulators to allow the disposal of materials with extremely low levels of radioactive contamination <u>in</u> specified landfills. Materials that are candidates for the BSFR program are of such low levels regulatory entities have exempted them from further regulation as a radioactive material and allow their <u>restricted</u> disposal.
2.	Section C, Performance Work Statement Section C.03.4 Low Activity Waste Services, second paragraph	Once the Contractor determines the wastes meets their approved authorized release criteria, the LAW is then be transferred under their license authority for directed disposal to an approved landfill. This disposal alternative for LAW shall remain under stringent regulatory controls and shall be determined by the Contractor's regulators to be protective of the worker, the public, and the environment.	Once the Contractor determines the wastes meets their approved authorized release/ <u>exemption</u> criteria, the LAW is then be transferred under their license authority for directed disposal to an approved landfill. This disposal alternative for LAW shall remain under stringent regulatory controls and shall be determined by the Contractor's regulators to be protective of the worker, the public, and the environment.
3.	Section C, Performance Work Statement Section C.03.4 Low Activity Waste Services Item #5	Title to the material shall pass to the Contractor upon the Contractor's issuance of a "Certification of Release <u>or</u> Certificate of Disposal," as applicable, regardless of when or where the Contractor takes physical possession. Title and all other incidents to the material shall thereupon transfer from the Ordering Activity/Waste Generator and shall be held by the Contractor. The Ordering Activity/Waste Generator shall have no rights to recovery of any material contained in the waste material nor any credit for its potential value, unless specifically specified in the Task Order. Documentation shall be provided to the Ordering Activity/Waste Generator and the DCO within 15 days after approval.	Title to the material shall pass to the Contractor upon the Contractor's <u>issuance of</u> a "Certification of Release," regardless of when or where the Contractor takes physical possession. Title and all other incidents to the material shall thereupon transfer from the Ordering Activity/Waste Generator and shall be held by the Contractor. The Ordering Activity/Waste Generator shall have no rights to recovery of any material contained in the waste material nor any credit for its potential value, unless specifically specified in the Task Order. Documentation shall be provided to the Ordering Activity/Waste Generator and the DCO within 15 days after approval.
